EXAMPLE:

Read all 4 chapters of Malachi and complete the provided study sheet.
As you read each section of Scripture, rewrite the title found in your Bible or make up your own. Also search for the phrase "But you say," and write down whatever statement follows. Note that some versions may use different wording, such as "Yet you say" or "But you ask"

In the book of Malachi, God confronts His people about their devotion & worship. The following format appears eight times in Malachi:
